

### Once Upon a Dream

John takes a motorcycle ride

Whether it's riding a Harley Davidson or attending a Texas Rangers baseball game, Villagio wants to make our residents' dreams a reality. We love to recreate favorite memories or fulfill a dream. If you have an idea for a special memory we can create, let us know!

### Beautiful Earth

Trees provide clean air

**Earth Day** was launched on April 22, 1970, following a 1969 oil spill off the coast of California. Founded by Wisconsin Senator Gaylord Nelson, it reportedly inspired 20 million Americans to demonstrate in marches for the environment. Organizers continue to lead events worldwide on April 22 and credit this day to the formation of the U.S. Environmental Protection Agency.

**National Arbor Day**, held the last Friday in April, began in 1872 thanks to the efforts of Nebraska Territory pioneer J. Sterling Morton. Morton's first tree-planting holiday

included prizes for the most trees planted; more than one million trees were planted in Nebraska that first Arbor Day.

**Although this event** didn't take place on Arbor Day, an extraordinary number of trees was planted by citizens in India just a few years ago. On July 11, 2016 in Uttar Pradesh, over 800,000 volunteers planted nearly 50 MILLION trees along roads, railways, and on public land. The effort is part of the commitment India made at the Paris Climate Conference in December 2015. In the agreement, signed on Earth Day 2016, India agreed to spend \$6 billion to reforest 12 percent of its land by 2030. What an amazing feat!
