## Glo's Beauty Barn?

Note from the Executive Director:

### A Year Unlike Any Other

We have almost made it through another year, a year unlike any other. Covid has made us all adjust the “normal” that we were so used to enjoying. It has presented challenges and it has presented successes. We have lost some close friends and family members this year. We have welcomed new friends and family into our lives. We have learned that toilet paper can be in demand. We now have to make sure the shirt we wear matches our facemask. All of this before we were hit with an ice storm. There is no spectrum of everyday life that hasn't been altered. However, we are going to make it through with a new spirit, a new attitude, and a renewed sense of optimism. After all, this has been a rewarding year as well.

As 2021 approaches we wish each of you all the happiness and contentment that can be achieved. The staff at Bradford Village cannot express our appreciation to each of you for the understanding of the change that has taken place. Your patience, grace, and mercy have been extremely helpful to all of you. We are excited at what 2021 could bring us and look forward to another rewarding year at Bradford Village.

On behalf of the staff and our families, we wish you and your families the happiest of holidays.

Eric Legleiter

#### Random Thoughts:

With this terrible outbreak of the Corona Virus—19 there has not been much happening. We were very disappointed that the dining room was put off limits even though the reason is completely understandable.

Thank you for your generous giving to Colene Overton's “Money Tree”. She was bowed over. Her gift of \$1100 enabled her to ship more of her belongings than she first thought.

There are six types of drugs that are overused on a regular basis. They are:

Alcohol, Tobacco, Caffeine, Opium, Amphetamines, Cocaine
